Basic School Resource Officer Training
Course Summary

40 HOUR BASIC SRO TRAINING CLASS DESCRIPTIONS

(1.5 Hours Technical) History and the Role of an SRO
This section will give a history of the SRO position, its start and its importance, along with the job duties of an SRO.

(2.5 Hours Technical) Transitioning/MOU's
This section will explain the difficulties faced by many officers when transitioning from a street officer to a school resource officer. It will address the many difficulties and situations all SRO's need to know to effectively deal with student situations. It will also address MOUs between schools and law enforcement.

(4) - 2 Interpersonal/2 Technical) Youth Mental Health
This section will address the situations that SRO's will encounter with special needs students and how to effectively respond to their needs.

(4 Hours Legal) Legal Issues in Schools (FERPA-Mo. Safe Schools Act)
This section will address the Missouri Safe Schools Act and how it applies to school administration and law enforcement. This section will also explain the federal "FERPA" law and how it applies and protects juveniles.

(4 Hours Legal) Legal Issues for Juveniles
This section will highlight juvenile law and understandings of legal issues centered on juveniles and educational settings.

(4 Hours Technical) Public Speaking This section will provide information regarding the public speaking role of an SRO

(4) - 2 Legal /2 Technical) Cyber & Social Media communications and investigation for SRO's. This portion of the training will identify the cyber and social media communications utilized by segment of the community to include understanding of the technology communication capabilities and legal / investigative procedures and resources available.

(8) Hours Technical) Drug Identification/Impairment & Impact
This portion of the training will teach officers the many illegal and legal substances and their effects on the body, brain, and decision making.

(8 Hours Skills) Active Intruder/Shooter Training
This section will deal with sharpening the officer's tactical skills with an armed intruder and teach them how to react in a school setting. (Portions of this class requires physical exertion, students shall wear comfortable clothing appropriate for this type of training.)
